

VOLUME ONE.

FOR SIXTEENTH

**Foam just got
even sharper.**

Foam search now reads your
whole roster, looks inside
every post and ranks by fit.

FOUND WITH FOAM

YOUR TALENT. THEIR WORK. WIN THE PITCH.

foam.io

Found with Foam.

Not because anything was lost. Because now it's easier to find.

The right Creator, the second a brief lands. The post from months ago nobody remembers — until it's exactly what the brand is asking for.

Search now reads your whole roster. Ask for what you need the way you'd say it out loud.

Foam finds it — **seen on screen, heard in a clip, written in a caption** — and jumps you straight to the moment.

Then it's time to pitch. Media kits now let you customize the story, kit by kit.

Three parts. One goal.

Your talent. Their work. Win the pitch.

HERE'S WHAT'S NEW

- Search across your whole roster
- Search inside video, audio and captions
- Jump directly to matching moments

Customise each media kit

Add channels, city demographics and metrics manually

Make the pitch.

Customize the story to win the deal.

- 1 Make it unique**
 Each media kit can be customized: edit the bio, profile picture and verticals.
- 2 Build the story**
 Pick content and analytics with the builder in view. Now add and link any key platforms that contribute to total audience count. You can also now include city demographics!
- 3 Close the deal**
 Add lower funnel custom metrics not available via APIs manually, such as Instagram link clicks.
